

## Who is Conrad Clark?

**Conrad Clark : Racing number NZ 11 USA F4 31**

**"I** am a young, Taupo-based motorsport driver who is going to the USA to represent New Zealand in the 2018 Formula 4 USA National Championship.

"I invite you to join with me in bringing New Zealand to the world stage as I travel America to race in the 6-round event, culminating in the penultimate round of the American Formula 1 Grand Prix where I will race in front of an audience of 340,00 in the stands, plus television coverage.

"My passion for motor racing started from a very young age, watching Craig Lowndes and Scott Dixon on TV. Scott Dixon is a high-profile Kiwi, racing Indy Cars in America; and Craig Lowndes races V8 Supercars in the Virgin Australia Supercars Championship. Both are strong role models and have followed a motorsport career path from an early age. They started in kart racing like myself where they developed their foundational driving skills and knowledge. From there, they have learnt the personal and professional attributes required to make careers as professional racing drivers.

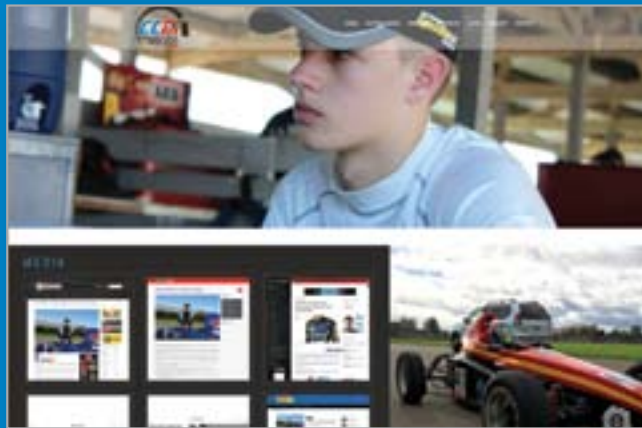

### Career Aspirations

- To become a professional Motor Racing Driver and represent my country on the world stage
- To provide mentorship to other young up and coming drivers to ensure the continual development of motorsport in New Zealand

***New Zealand has a rare opportunity to be involved in a rising sports star in motorsport as he climbs the ladder to the top of the Formula racing level — however, he needs your help.***

Whichever level of support you choose, we'll keep you up-to-date with Conrad's progress
